**ELECTION OF INVENTION**

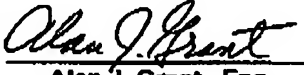

**Sir:**

In response to the Restriction dated 6 May 2003, Applicant responds be electing the claims of Group I (claims 1-4 and 11), drawn to a polypeptide and a vaccine with traverse.

Applicants believe that claim 13, which depends from claim 11, should be combined with Group I for purposes of examination because a method of treatment involving the vaccine would necessarily be disclosed in any search of the vaccine claim (since a vaccine is only useful for treatment purposes). Thus, claims 11 and 13 should be searched together.

No fee is believed due in filing this paper. The Commissioner is authorized to charge payment of any additional filing fees required under 37 CFR 1.16 associated with this communication or credit any overpayment to Deposit Account No. 03-0678.
